

Northbrook / Glenview School District 30 provides, as part of our curriculum fee, a program to assist with the repair and replacement of any damaged iPads in our 1:1 program. This program protects the iPad against accidental damage (drops/spills), theft, vandalism, fire, flood, and natural disasters. This program will provide replacement cost coverage and protect the iPad on and off school grounds.

The District 30 plan covers “accidental damage” to the device and is designed to limit a family’s financial responsibilities for any damages as described in the protection plan section below. **This plan does not cover damage to or loss of iPad covers, chargers or cords. Lost iPads are not covered as well.**
